

## Flightline Aviation – Dunedin

### Rotary Wing Licenced Engineer or Tradesman Required

Come and experience the lifestyle of Dunedin and the professionalism of New Zealand's leading General Aviation engineering company.

Flightline Aviation based in Dunedin is engaged in a wide range of light fixed wing and rotary wing aircraft maintenance including Sikorsky/Schweizer 269, Robinson 22/44, Hughes/MD 369/520, and Bell 206/L3 helicopters.

We require the services of an experienced Rotary Wing Licenced Engineer or Tradesman with Bell 206 and RR250 turbine experience to assist the team in servicing a customer fleet of nine Jet Rangers including an L3.

An Engineer looking for a four to six month contract to enjoy a summer experience in southern New Zealand would be welcome (November 2010 through to April 2011).

In return you will enjoy a great working environment, join an awesome team, and be rewarded with an attractive remuneration package commensurate with your experience.

If you have the skills, are looking for a new challenge, and want to work for a nationally recognised leader in general aviation please visit our website [www.flightline.co.nz/jobs/](http://www.flightline.co.nz/jobs/) for a Position Description and Application for Employment form.

Please send together with a copy of your curriculum vitae to:

Ray Hibbs  
Flightline Aviation Limited  
PO Box 93  
Mosgiel 9053

[ray.hibbs@flightline.co.nz](mailto:ray.hibbs@flightline.co.nz)

Applicants must be eligible to work in New Zealand.
